About Me

As a seasoned product designer with 3 years of experience, I thrive on solving complex problems and transforming challenges into elegant solutions. My approach is grounded in simplicity, ensuring seamless user experiences. I specialize in wireframing, prototyping, and user testing, and I am proficient in Adobe Suite, Figma, and Sketch. Passionate about pushing design boundaries, I also have foundational skills in web development.

Work Experience

Product Designer

Square Bits Pvt. Ltd.

Jodhpur, India
Sep 2021 - Currently

- Spearheaded impactful design solutions that enhanced product functionality and user experience, leading to a 70% increase in client satisfaction and securing 80% of client renewals.
- Demonstrated proficiency in client management and requirement analysis, resulting in a 70% rise in client satisfaction and increased project acquisition.
- Played a key role in the design and layout of websites, software applications, and digital interfaces. Led the design for 6 out of 10 major company products, significantly boosting revenue.
- Recognized with the Employee of the Biennial award in December 2022 for exceptional project design and management skills.
- Successfully served as the sole designer in a major project execution, resulting in the acquisition of new clients and a significant revenue increase.
